

Bone Marrow Donor Drive

Stella Liniado, z"l

“He who saves one life, it is as if he had saved the entire world.” — Talmud

Stella's Mission Continues!

At the tender age of just six years old, Stella Liniado lost her battle with leukemia. When her family learned she might be helped by a bone marrow transplant, the entire community sprang into action, and the resulting recruitment drive added nearly 6,000 donors to the registry. This effort has already saved the lives of six other patients who also needed transplants.

In memory of this special little girl, we are continuing this important work and hope our community will remain involved in this life-saving mission. Please, come and be tested to join Gift of Life's registry of donors for the benefit of patients worldwide in desperate need of life-saving matches.

Sunday, July 15th

9:00 a.m. to 7:00 p.m.

Stella Liniado Rainbow Foundation

Be Someone's Hero. Be Tested!

- ✧ Eligible donors must be between the ages of 18-60 and in general good health.
- ✧ Blood type doesn't matter.
- ✧ Registration involves a simple swab of cells from inside the cheeks (No blood required at this stage.)
- ✧ Pregnant women CAN be tested.
- ✧ Gift of Life's mission is to increase the representation of the Jewish people in the registry.
- ✧ **Those previously tested do not need to be retested.**
