

BONE MARROW DONOR DRIVE

Amy
Itta Aliza bas Tova

"He who saves one life, it is as if he had saved the entire world." — Talmud

You may be her miracle match!

Amy has leukemia and needs a bone marrow transplant. Since tissue type is inherited, her best chance of finding a genetically matched bone marrow donor lies with those of **Eastern-European Jewish ethnic ancestry**. Donors will be entered into the Gift of Life Bone Marrow Registry for the benefit of patients worldwide in desperate need of life-saving matches.

- ☆ Eligible donors must be between the ages of 18-60 and in general good health.
- ☆ Blood type doesn't matter.
- ☆ Registration involves a simple swab of cells from inside the cheeks. (No blood required at this stage.)
- ☆ Pregnant women CAN be tested.
- ☆ Gift of Life's mission is to increase the representation of the Jewish people in the registry.
- ☆ Those previously tested do not need to be retested.

Sunday,
October 30th

1:00 p.m. to 4:00 p.m.

Congregation Brothers of Israel

250 Park Avenue, Long Branch, NJ 07740

CONTACT:

Judy Lekach, 732-531-6480

Be Amy's
hero.
Be tested!
