

# COULD YOU BE EZRA'S HERO?

Ezra is 2 years old and loves the alphabet, music and his tricycle. Ezra is in need of a bone marrow transplant to survive. Ezra has a rare primary immune deficiency disorder called Hyper IgM Syndrome. Ezra's best chance of finding a genetically matched donor lies with those of Eastern European ancestry, particularly Polish and Hungarian.

**Join the *Gift of Life Bone Marrow Foundation* today!  
Give the greatest gift of all - *the gift of life!***
